

There's a Difference in Washing Machines

You don't want a Washing Machine that takes longer to do the washing than it should, or one that does not do the washing well.

You want a sweet running, quick thorough washing machine.

That's the kind we handle—washers that work easily, that work quickly, that wash more clothes and wash more thoroughly.

Don't work an hour or two more in warm weather and then turn out and inferior, cleansed garment. Get a machine from us now. We can save you money and give you a first class machine, one which will last for years.

We have both the Electric and Hand Power Machines.
